RE:

Dear Class 7 Claimant:

You submitted a claim for the Class 7 Silicone Gel Materials Claim Fund. The information we received from the Revised Settlement Program ("RSP") in MDL-926 shows that you received money for your breast implants from the RSP or directly from Bristol, Baxter and/or 3M as an opt-out claimant. The Class 7 Fund provides that your award in Class 7 will be reduced by the amount you previously received from the RSP, Baxter, Bristol and/or 3M. The amount you received from the RSP, Baxter, Bristol and/or 3M is **more than** the amount for which you could be eligible from the Class 7 Fund. As a result, you are not eligible for any additional payments from Class 7.

If you believe our information about your previous payment is in error, send us a letter by **June 1, 2007**, with proof attached of the amount you previously received. If we do not receive any information from you by **June 1, 2007**, then we will permanently close our file on your claim and you cannot later challenge your eligibility.

For assistance, call the Claims Assistance Department at 1-866-874-6099.

Very truly yours,

David Austern  
Claims Administrator
