Mrs.Allen Bearicks,
As I told you, please do not involve in disputes over the fees and the expenses with my clients. First of all, there is a special agreement and the additional works for SID 2793411 done, which is applied by the Order that you attached. In addition, she and her sister who disguised her and cheated me from the beginning. There is additional problems which must be addressed from her in confidentiality. She is not able to raise a complaint. There is a phone recording with my client and her sister, where there are evidences that you disclosed them the alleged facts which are absolutely defamatory to me.
